Easter Day 1986.

Dear Alex,

Just a note, now that you have seen the final product, to say thank you for everything. I hope you feel that the reproduction of the photographs in the book is up to standard. Certainly people who see the book for the first time are staggered by the clarity, the sharpness of the detail, the sheer quality of the images.

It was so good that you + Margaret could come out here + participate in this (ad)venture. We all much appreciated the way in which you both threw yourselves so wholeheartedly into it. And for all that help, in so many different ways.

The exhibition photographs are so good. They make a great impression on people. I hope both they + the book do as well in America as they seem to be doing here. With warmest wishes, see you in Roy
