NOTE: these accessories represent a random sample of that used by terrorists in Southern Africa. They are used in conjunction with each other and attached to the explosives shown in chart 4. These accessories are shown proportionally smaller (approx 1/2 size) to enable the full range to be fitted onto the chart.

THESE ACCESSORIES HAVE APPEARED WITH COLOUR VARIATIONS

**WARNING: These accessories as shown are dangerous. If found do not touch. Report to the nearest Police Station immediately, inform your superiors and implement laid down evacuation drills.**
