

# MY MESSAGE TO THE WOMEN OF OUR NATION..

## Return to the sink for wives

WOMEN who want to work are being forced back to the kitchen sink, according to Marie Patterson, chairman of the TUC Women's Advisory Committee.

She said yesterday: "Government policies have reduced their opportunities."

"In October last year nearly one million were registered as unemployed."

Mrs. Patterson claimed there would be no economic recovery until women's skills were fully used.

## Woman's work never done

POVERTY had poorly provided for that, the verdict on women and work in Deptford in a new survey.

The investigation was carried out by the Women and Employment Unit set up in 1979.
