

The blockbuster film of the 80s

# IRAN TO THE CONTRAS

STARRING RONALD REAGAN

*The story they said was too bizarre to be true, too scary to be told*

**HE WANTED TO OVERTHROW A SMALL GOVERNMENT,  
BUT SUBVERTED A BIG ONE—  
HIS OWN**

A cowboy turned outlaw, he wrapped himself in the American flag and left a trail of drugs, murder, and secret bank accounts. Savaging the poor at home wasn't enough; he had to burn schools and clinics in Nicaragua.

From the man who brought you Star Wars, Record Budget Deficits, and dozens of other spectacles—  
all with *your* money.
