## Citizens or Aliens?

Millions of black South Africans have lost the right to citizenship by being classified as "homeland" citizens. "Homeland" independence means these S. Africans become "Aliens" in their own land.

As "Aliens": - They are not entitled to a S.A. Passport

- Their job opportunities in "white" South Africa are restricted

- They can be deported at any time

SO FAR:

**9 MILLION SOUTH AFRICANS**

have lost their citizenship through the Nationalist homeland policies.
