BEFORE YOU VOTE, GET SOME ON-THE-JOB TRAINING.

AT YOUR WORKPLACE, THURSDAY MARCH 10.

On this day, Cosatu is calling on workers in factories, shops, mines and institutions to conduct voter education - showing people how to vote, and discussing the importance of voting.

Because you have been denied the vote, you may be uncertain about how voting works. You may not know exactly what to do.

We will take you through the whole process: from the moment you walk up to the polling station to when you come out. We will tell you about the need to have an I.D. book or voter card and help you get one if you don't have it.

Cosatu calls on all employers to let workers take this opportunity to learn about the voting process.
