Each value that we uphold and live our lives by, the positions we take, and all our actions, our refusal to take positions on issues and our apathy, are always in a historical context. Allah's story, being written and He wants us, be the cast. We have accepted the invitation when we declared our shahadah. The choice is our spectators or participants.

'Think not of those who are killed in Allah's Cause as dead. Nay, they are alive (they are) with their Lord, and they have provision. They rejoice in what Allah has bestowed on them of His bounty, rejoicing for the sake of those who have not joined them but are left behind (not yet martyred): that on them no fear shall come, nor shall they grieve. They rejoice in a grace and a Bounty from Allah, and that Allah will not waste the reward of the believer.'

A response to the cries of the oppressed is no less than a response to the call of Allah. A rejection of the cries of the oppressed is no less than a rejection of the call of Allah.

The unity of the oppressed which is vital can only be achieved by engaging the enemy in all possible ways- where true Muslims, true Christians and all activists of all progressive organizations stand shoulder to shoulder to break down the granite wall of apartheid and open the doors of freedom to each and every soul in this country.

Our belief in the unity of Allah can become meaningful only when we struggle to make it concrete in our personal and social lives. Limiting dawah (propagation) to lip service without being involved in the day-to-day struggles of people does not say much for quality of our Islam. A response to the needs of people is clearly a response to the invitation of Allah to build a society of justice, peace, equality, love and truth.

Poverty is created by those who accumulate money and build systems to enable them to make even more money. To work for the removal of poverty means to meet the anger of the powerful. It also brings us closer to the moment when, with others, we will see the establishment of Allahs Order on earth.

Mathew Goniwe, Victoria Mxenge, Fort Calata, Imam Haroon and many others have made the highest sacrifice with their lives. They have given new life to the struggle. They are like the candles who burn themselves out to give light to others. We shall soon honour them. The streets of free South Africa shall bear their names. The squares, buildings and stadiums of free South Africa shall bear their names.

We gather in submission to Allah.-Not the God of the herrenvolk, the nats or of Apartheid.-But the God of love, freedom, justice and power- the God of mankind- of the people- of the oppressed. We submit to Allah who created us from a single soul.- who created us into tribes and nations- with our different colours, languages and cultures not that we might hate one another, or exploit one another, or oppress one another- No, that we might come to know and love one another.

And those who, when an oppressive wrong is inflicted on them, (are not cowed, but) help and defend themselves.

The recompense for an injury is an injury equal thereto (in degree): but if a person forgives and makes reconciliation,

His reward is due from Allah: for (Allah) loveth not those who do wrong.

One has four palaces because he has four wives and another person does not own a house! Is this Islam? This is burglary, this is ignorance of Islam. Equality is equality in the street, in the land.... the land belongs to the people, all the people. The Messenger of Allah said: People are equal like the teeth of the comb' Therefore we are not equal only in the mosque, and after we leave it one becomes a labourer and the other a ruler, one rich and another poor ... this is not true equality. Allahu Akbar and Glory be to Allah in the Morning and the Night.
